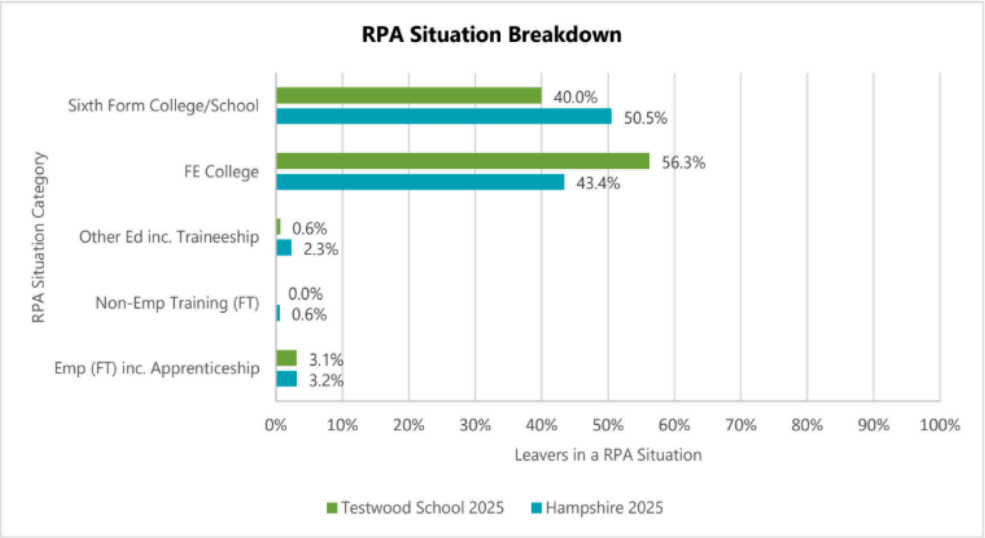
RPA Situation Breakdown

RPA situations are grouped into five categories, seen below. The Situation Category table in the glossary on page 5 defines each category. The graph below shows that there is a larger percentage of Testwood School leavers moving to an education programme ('Sixth Form College/School', 'FE College', 'Other Ed inc. Traineeship') than the Hampshire average, but a smaller percentage moving to a training situation.



The tables below show the actual numbers of young people in each RPA situation. Where fewer than five people are recorded the information is withheld and replaced with '-'.

RPA Programme Establishments

Certain factors can greatly influence the appeal of a post-16 education establishment, such as the type of courses offered.

The table below shows the most popular establishments attended, as of 1st November 2025, by the Year 11 leavers from Testwood School who moved to a full-time education programme. It shows the number of young people attending the establishment, and the percentage they represent compared to all Year 11 full-time education leavers from Testwood School (155).

The figures include young people repeating a year of statutory education. Establishments with fewer than five people attending are not shown.

Year 12 Establishments	Leavers from Testwood School	% of Programme Leavers
Barton Peveril Sixth Form College	44	28.4%
Brockenhurst College	41	26.5%
Totton College	21	13.5%

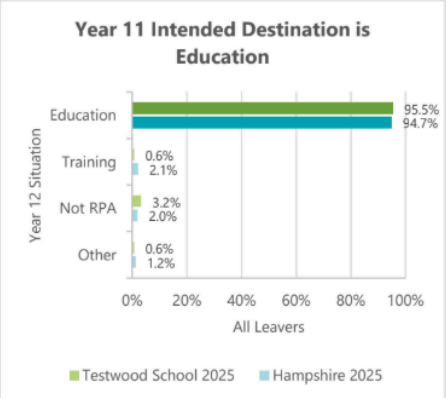
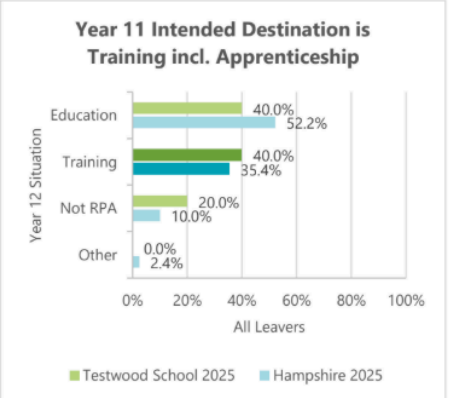
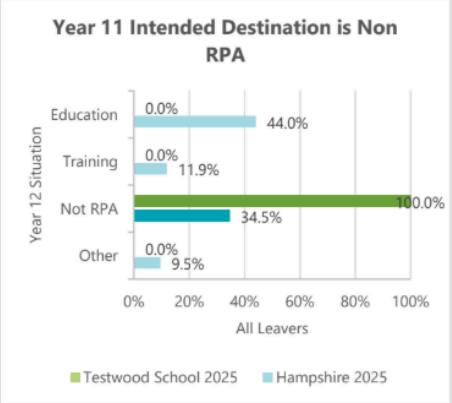
Intended Destination

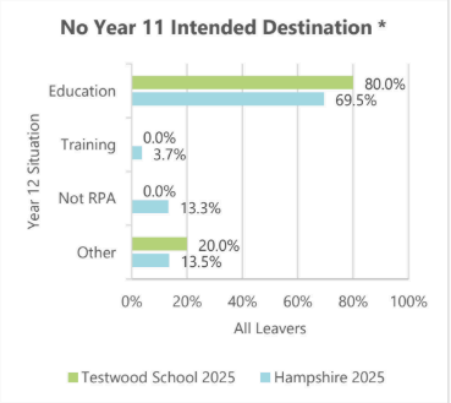
The graphs below show the Intended Destinations of Year 11 leavers, and whether their Year 12 situation is the same as their intended.

The dark lines in the graphs highlight the percentage of leavers that met their Intended Destination. The lighter lines indicate the situation the leavers who did not meet their Intended Destination have moved to.









The table to the right shows the actual numbers of leavers per Intended Destination.

Where fewer than five people are recorded the information is withheld and replaced with '-'.
